

IPC - 216-84

## INTELLIGENCE PRODUCERS COUNCIL

6 September 1984

MEMORANDUM FOR: Intelligence Producers Council

FROM:

[redacted]  
Chief, Intelligence Producers Council Staff

25X1

SUBJECT:

Status of IPC Activities [redacted]

25X1

1. The following is the status of current IPC activities.

a. Future Information Requirement [redacted]

25X1

The Future Information Requirements Working Group (FIRWG) has forwarded to the IPC for concurrence an implementation plan for assumption of responsibility for the maintenance of the Future Intelligence Requirements Forecast (FIRF). [redacted]

25X1

b. Wartime Intelligence Requirements [redacted]

25X1

The Staff is participating in an intelligence requirements working group, chaired by [redacted] IC Staff, whose purpose is to produce a comprehensive set of intelligence requirements for the President (as well as for NWMP III) during general nuclear war and the post-war period. The format for these requirements follows that of the Future Intelligence Requirements Forecast, and the results will be incorporated into subsequent editions of the FIRF.

SUBJECT: Status of IPC Activities [ ] 25X1

d. External Research Information Exchange [ ] 25X1

The revised procedures for the exchange of information on external research were approved by the IPC and distributed to the IPC points of contact. The OSD/OJCS Draft FY 1985 Study Plans, prepared by Dr. Ben Adams (OSD), were distributed to the IPC points of contact for information. [ ] 25X1

e. Core Intelligence Capability [ ] 25X1

Following a request by the SSCI to develop a program to establish a "core level" of analytic support against each country, the DCI responded, in part, by committing the IPC to review on a regular basis how well the various countries/topics are being covered by available analytic resources. A set of guidelines and terms of reference to accomplish the task are being prepared. [ ] 25X1

f. NITs [ ] 25X1

The NITs of Current Interest for FY 85 were disseminated as guidance to intelligence producers in mid-August. The IPC Staff has prepared and forwarded to IPC members a memo outlining the schedule of NIT-associated actions relating to the activities of the SIG(I) Committee and the Intelligence Community over the next fiscal year, and those specific actions that are required of individual IPC components. An IPC Staff action officer for the NITs will soon be in contact with the action officers from each of the IPC components to provide more specific guidance on the nature and timeliness of the required inputs. [ ] 25X1

g. Support to GDIP [ ] 25X1

At the invitation of the GDIP Staff, the IPC Staff is coordinating a review of the GDIP Evaluation of Data Base Adequacy. [ ] 25X1

2. A new intelligence aide, [ ] has been assigned to the Staff. She will be responsible for the maintenance of the various IPC data bases, e.g., external research, Community response to NITs, intelligence compromises for the DDAC, and the FIRF. 25X1

3. The next IPC meeting is planned for early-to-mid-October.
